### Casey Anthony Diary

Casey Anthony Diary - A secret diary kept by Casey Anthony includes a confession that she killed her daughter Caylee Anthony.

The Casey Anthony diary was found in a search of Casey's parents home after Caylee's body was discovered nearby.

Police impounded as evidence a shocking "diary of death" in which Casey Anthony basically admits to killing her angel-faced daughter, sources told reporters.

The detailed handwritten diary written by Casey, which covers the days immediately before and after Caylee's death, is so damning that prosecutors might reconsider seeking the death penalty.

In the diary, Casey said she planned to murder her daughter as a "mercy killing" to keep her out of the hands of her mother, Cindy.

Police believe the night before Caylee died, Casey and her mother had a vicious fight, and Cindy Anthony swore that she would take the little girl away from her daughter Casey for good.

"Casey snapped," a source told reporters. "In her sick mind, she became convinced that Caylee would be better off dead, in heaven, than in the hands of her mother."

Orange County authorities recently released 650 pages of evidence, including one page of a diary in which Casey wrote: "I have no regrets, just a bit worried. I just want for everything to work out okay. I completely trust my own judgment. I know that I made the right decision."

The diary contains other shocking details, including notes Casey had written about chloroform and the deadliness of pesticides, says the source.

In it, she also refers to Caylee as "the little snot" and revealed that she killed Caylee because she was "taking care of something" and "punishing someone," meaning Cindy, divulged the source.

"Police are firmly convinced that Caylee's death was not an accident, but an intentional murder. The reason they are so sure is this diary, in which Casey basically admits she killed her daughter," said the source. "I think this diary is the ultimate smoking gun - dead bang physical evidence that proves beyond a doubt that Casey is guilty."

Cops found the diary when they searched the Anthonys’ Orlando home shortly after Caylee’s body was discovered nearby in a wooded area in December, but have been trying to keep its existence under wraps, said the source.

Casey Anthony’s diary will be presented as evidence at Casey’s murder trial, now scheduled for Oct. 12, according to sources close to the investigation.

Why was killing Caylee Casey’s only option? Here’s another one for Casey, “Grow up, get a job, your own place, your own car, pay your own bills and become a decent mother to Caylee.”Then how could Cindy take Caylee away from her? That, Casey, is what good, decent, women do when they have children to look after. She sits there in prison all smug, like we don’t know. We may not know details Casey, But we know you did it. We know, just like we know the sun will come up tomorrow. We know.
