

**(Part 1 of 3/ Thr 11-12-2020)** Dear President Trump: In case you've forgotten, I'm "the" guy who almost won the Terri Schiavo case ALL BY MYSELF: Google me or see In Re: GORDON WAYNE WATTS, as next friend of THERESA MARIE 'TERRI' SCHIAVO, No. SC03-2420 (Fla. Feb.23, 2005), denied 4-3 on rehearing. (Watts got 42.7% of his panel) <https://www.FloridaSupremeCourt.org/clerk/dispositions/2005/2/03-2420reh.pdf> \*I did BETTER than our mutual friend: In Re: JEB BUSH, GOVERNOR OF FLORIDA, ET AL. v. MICHAEL SCHIAVO, GUARDIAN: THERESA SCHIAVO, No. SC04-925 (Fla. Oct.21, 2004), denied 7-0 on rehearing. (Bush got 0.0% of his panel before the same court) <https://www.FloridaSupremeCourt.org/clerk/dispositions/2004/10/04-925reh.pdf> \*That's not why I'm writing you (I just want to remind you that I'm one of your STRONGEST supporters! We're fasting/praying for you as JESUS asked in Matthew 6:16 where he said WHEN you fast, not IF you fast. \*The purpose of my email today is 2-fold: First, while doing election coverage as a lowly political reporter (for example: Polk Perspective: Offer relief for taxes dressed up as 'loans', By Gordon Wayne Watts, Guest columnist, The Ledger, November 19, 2019, <https://www.TheLedger.com/opinion/20191119/polk-perspective-offer-relief-for-taxes-dressed-up-as-loans>), I notice that Sens. Kelly Loeffler & David Purdue are in a tight runoff; I plan to give them tips to win votes. (If I nearly won the Schiavo case ALL BY MYSELF, I hope I'm smart enough to help them.) Please note: While we gained House seats, we STILL lost the House TWO ELECTIONS IN A ROW to Pelosi. We can't blame everybody else: Our GOP lawmakers made BIG mistakes—which I hope to help them fix, so they can win those 2 seats. \*Secondly, while you're one of my favourite politicians, you've missed a few opportunities to help our GOP team; I hope to make my case & ask you for help. I think this will take THREE emails; Your website limits me to 2,000 characters, so here goes nothing.

**(Part 2 of 3/ Thr 11-12-2020)** Dear President Trump: As documented in my prior email (part 1), I almost won the Terri Schiavo case ALL BY MYSELF, doing better than Jeb Bush: I almost won (losing 4-3), and he lost 7-0 before the same panel. \*As I said in part 1, we've got two pieces of unfinished business: 1ST, my plans to try & use my political acumen to help Sens. Loeffler & Purdue win their GA runoffs & 2ND: While there's still time, I want to help you where you've missed a few golden opportunities. (Help America, protect your hard-earned legacy, etc.) \*OK, I plan to email Sens. Loeffler & Purdue and suggest they adjust course in FIVE (5) key areas: FIRST, I'm like you: I don't use drugs OF ANY KIND, but with a Ninety-One (91%) percent approval rating, Medical Marijuana MUST be looked at: You recall Nikki Fried was the ONLY Fla Democrat to win statewide last election, right? You know why? Her opponent did NOT support medical marijuana. (Rick Scott almost lost on this, but his opponent, Bill Nelson, was equally clueless, and Rick Scott, also a GREAT lawmaker, almost lost.) My point? Medical marijuana is NOT legalized or recreational pot: Big Difference. Loeffler/Purdue better get on board if they want to win votes! SECOND, there are LOADS of good, bipartisan legislation in support of your 3-26-2019 "Executive Order on Coordinating National Resilience to Electromagnetic Pulses," and I advise they cosponsor said bills already! THIRD, thank you for your 7-24-2020 "Executive Order on Lowering Prices for Patients by Eliminating Kickbacks to Middlemen": THAT is why MANY county healthcare plans are AFFORDABLE: They dump the middleman. While I oppose Federal healthcare, IF they do it, they'd better support you here, ok? AND vocally tell voters as much! FOURTH, remember your 3/19/2019 legislative request in FORBES to cut pork spending? (Trump proposes loan limits on student loans =equals= SPENDING cuts, as tax\$\$ are used.) Oops, out of space: See Part 3 of 3.

**(Part 3 of 3/ Thr 11-12-2020)** Dear President Trump: As documented in my prior 2 e-mails, parts 1—2, I almost won the Schiavo case ALL BY MYSELF, doing better than Jeb Bush: I almost won (losing 4-3) & he lost 7-0 before the SAME panel. As I said in parts 1—2, we've got 2 pieces of unfinished business: Here's the FIFTH problem w/ Sens. Loeffler & Purdue, which WILL cost them votes if you & I can't team up & help them: As you recall, I'm Conservative & don't want ANY Free College, Loan Forgiveness, or ANY Liberal Free Handout, but, by the same token, tuition, a form of tax, is WAAAY too high: You're old enough to remember that college was free in a few places, VERY AFFORDABLE everywhere else. Now, however, college is Unaffordable EVERYWHERE in America. Over 44.7 Million Americans have student debt, another 30—40 Million are cosigners, family/friends, and you may recall, Dr. Wayne Johnson (Sec. DeVos' lending COO of recent) has said that over EIGHTY-FIVE (85%) PERCENT of ALL loans will NEVER be repaid. You know he's probably right. My point? Joe Biden was talking that "Free College/ Loan Forgiveness" language, and stole LOADS of votes with those lies! The GOP should have an answer! GOP lawmakers should VOCALLY advocate H.R.2648 & S.1414, bills that Conservative congressmen Matt Gaetz & John Katko support. Bankruptcy uniformity is NOT a free handout, Mr. Trump (YOU'VE gotten it loads of times), but rather a guaranteed right under the "Uniformity clause" in the U.S. Constitution—and, more-importantly, a means by which Loeffler & Purdue can GET THEM VOTES from swing-voters, and even loads of Republicans crushed under student debt. Besides, student loan bankruptcy worked JUST FINE when we had it, and if it were restored, it would, as Gaetz has said, create market forces to put a stop to obscenely high wasteful lending of tax\$\$ to make these UNNECESSARY loans. Crap! Out of space. Mr. Trump, can I have a "part 4" overtime? I AM, after all, a big "Trump supporter."

**(Part 4 of 3/ Thr 11-12-2020)** Dear President Trump: As stated in my prior 3 emails, I want to give you heads up on 5 areas where Sens Loeffler/Purdue can make course corrections, so they don't meet the same fate as GOP House Republicans—who LOST to Pelosi TWICE IN A ROW: If you agree w/ my 5 points, plz “have a chat” w/those Senators—&all GOP lawmakers: My tips can help GOP get the House back IF you get them to do what I say. Now, the hard part: You recall, my 5TH point was observation that Student Loan Bankruptcy is NOT a “free handout,” but rather CONSTITUTIONALLY-protected right under the Uniformity clause, AND free market check on excess lending, AND a way for GOP lawmakers to get votes. I'm Conservative & usually oppose ANY free handout. Today's an exception: You recall S.Res.711—A resolution calling on the President of the United States to take executive action to broadly cancel Federal student loan debt. They call “on the President of the United States to take executive action to broadly cancel up to \$50,000 in Federal student loan debt for Federal student loan borrowers administratively using existing legal authorities under such section 432(a).” I normally prefer NOT ask for this (instead, using less extreme methods, like bankruptcy to produce market forces, etc.), but you may be out of office in 2½ months, so we're out of time: I ask you to cancel ALL student debt. (No I don't have a conflict of interest: I'm on IBR & my payments are generally \$0.00/month, so this won't help me AT ALL.) Since we OWN this federally-held debt, cancellation would cost NO tax\$, add NOTHING to US debt. Do this while you still have time: This likely will collapse the FAILED lending system, thus saving TRILLION\$ long-term—AND save your legacy: You'll surpass Abe Lincoln for having freed debt slaves: Price-gouging STILL IS illegal—You can redress that now. If you miss today's opportunity, our kids, grand kids, will NEVER have affordable college. What other options do you have?

---

**Notes: Those four (4) small paragraphs above were sent, one-at-a-time (each being < 2,000 characters), to President Trump via the Web Portal at <https://Whitehouse.gov/contact>**

**Below, are merely my rough-draft notes, which could not fit in my emails to The President, for the sake of brevity / word/character count considerations:**

The only 2 pieces of unfinished business as I see are your legal challenges and the 2 Georgia Senate runoffs. Be advised that my research shows it may be close, so I plan to email Sens. Loeffler and Purdue with the following campaign advice:

**1**— As you recall, only ONE Democrat won statewide in FLA last election: Nikki Fried won the AG Commissioner race. WHY?? Because she supports marijuana. My point? **Medical Marijuana has a 91% approval in America** according to Pew Research. Now, I'm like you & don't use drugs, but our GOP candidate got beaten by Fried because HE was clueless and didn't support Medical Marijuana. I will advise Loeffler & Purdue to support Medical Marijuana (**which 91% of Americans support**), lest the LEGALIZED POT LIBERAL beat them. Medical marijuana is not “legal” pot: Big Difference.

**2**— Your **March 26, 2019 “Executive Order on Coordinating National Resilience to Electromagnetic Pulses”** is good. Much bipartisan legislation is enrolled to Protect the Grid: I will advise Loeffler & Purdue to support ALL worthy legislation: If they want to get votes & protect our grid, they should help your agenda here. How will we pay for that?

**3**— Both Polk and Hillsborough County FLA indigent healthcare plans work AND ARE AFFORDABLE. The “affordable” care act is UNAFFORDABLE. You know why? ObamaCare has an insurance middleman. THUS, I will advise them to file legislation to support your **July 24, 2020 “Executive Order on Lowering Prices for Patients by Eliminating Kickbacks to Middlemen.”**

**4**— Remember your **3/19/2019 legislative request in FORBES** to cut pork spending? Loan Limits ARE spending cuts, as tax\$\$ are used to make/back these UNNECESSARY toxic loans:

<https://www.Google.com/amp/s/www.forbes.com/sites/zackfriedman/2019/03/19/trump-proposes-limits-on-student-loans/amp/>

Viz: <https://www.Forbes.com/sites/zackfriedman/2019/03/19/trump-proposes-limits-on-student-loans/amp/>

I will advise them to file legislation to REDUCE or ELIMINATE use of tax\$\$ to make/back such loans.

**5**— Lastly, I notice that no GOP lawmaker has even TRIED to do #4, above. Probably because the Higher Ed swamp lobby is so powerful. Thus, I will ask Loeffler & Purdue to cosponsor S.1414 (H.R.2648 is companion bill), Student Loan Bankruptcy. Only WITH the sword of bankruptcy (aka Economic 2ND Amendment) back in students' hands will the lender (Dept of Ed, using MY tax\$\$) “think twice” about loaning obscenely large amounts, & lobbyists will “see the handwriting on the wall,” BACK THE HECK OFF, and allow lawmakers to grant your loan limits request in \$4, above.

But, there's one other thing: Recent Dept of Ed lending COO, Dr. A. Wayne Johnson, one of Sec. DeVos' appointees, remember?, said that **over EIGHTY-FIVE (85%) PERCENT of ALL student loans will NEVER be repaid**. You know, deep down, that he's probably right, because college, once affordable (or free in places) is VERY UNAFFORDABLE nowadays. **As over 44.7 Million Americans have student debt, & another 30-40 Million are cosigners, family/friends, we now have a “new class” of slaves.** You want to be better than Abe Lincoln, right? Well, I'm

a Conservative & NEVER thought I'd be asking you to “forgive” or “cancel” student loans (I prefer Free Market methods like S.1414 student loan bankruptcy etc), but lookit: You may me out of office in a few months and FOREVER lose this golden opportunity. While S.Res.711 (A resolution calling on the President of the United States to take executive action to broadly cancel Federal student loan debt) was written by a bunch of Liberals, I happen to think we've run out of options today: The Higher Ed lending system is an EPIC FAIL and must be deep-sixed & destroyed. I'm guessing that if you do as S.Res.711 asks (and you DO have plenary authority under section 432(a) of the Higher Education Act of 1965 to cancel, compromise, and outright forgive/cancel 100% ALL existing federally-held student debt:

<https://www.Congress.gov/bill/116th-congress/senate-resolution/711/text>

Since the Dept of Ed OWNS this debt (not guarantee, but owns) it, forgiveness would cost NOTHING, no different than if—say—you owed me a million, and I forgave it all. People oft-times criticize you (“Trump got bankruptcy, why can't students), and besides the moral reasons, let's face it: LOADS of GOP lawmakers keep getting beaten (we've lost the House TWO elections in a row to Pelosi/Democrats) because they are #DoubleStandard hypocrites who say: “Bankruptcy for ME, but not for Thee, you stupid, plebeian college students.”

I normally do NOT support “Free College” or “Loan Forgiveness,” and will ask Loeffler/Purdue, instead to support S.1414 (which will help get them more votes), but since you can protect your legacy & help free the debt slaves without needing ANY new taxes (by Exec Order alone, as S.Res.711 asks), I ask you to do so. If you use Executive Order authority and forgive ALL student debt, that would probably STOP the Dept of Ed from hemorrhaging out almost \$300 Million/day to make student loans, which we NEVER NEEDED IN THE PAST, and save us TRILLIONS. Short-term pain? Long-term saving \$\$ and preventing a crash of the dollar. Plus tuition would fall as colleges saw students lacks such loans.

### **U.S. House results – Last 2 sessions:**

**115TH CONGRESS:** 194 (Dem) 241 (Rep) – per <https://history.house.gov/Institution/Party-Divisions/Party-Divisions/>

**116TH CONGRESS:** 235 (Dem) 199 (Rep) – and N.C. did not submit an election certificate for the Ninth U.S. Congressional District prior to the opening day of the 116th Congress. (total 435)

per: <https://history.house.gov/Institution/Party-Divisions/Party-Divisions/>

**117TH CONGRESS:** This time: 218 (Democrat) – 203 (Republican) – 14 (Undecided, still counting)

per: <https://www.cnn.com/election/2020/results/house>

and: <https://www.washingtonpost.com/elections/election-results/house-2020/>

Or: 224 (D) – 211 (R) – none undecided per <https://www.nbcnews.com/politics/2020-elections/house-results>

Or: 218 (Dem) – 202 (Rep) – 15 undecided: per:

<https://www.theguardian.com/us-news/ng-interactive/2020/nov/09/senate-and-house-elections-2020-full-results-for-congress>

### **Popular vote results:**

**Last time – 2016:** “More Americans voted for Hillary Clinton than any other losing presidential candidate in US history. [] The Democrat outpaced President-elect Donald Trump by almost 2.9 million votes, with 65,844,954 (48.2%) to his 62,979,879 (46.1%), according to revised and certified final election results from all 50 states and the District of Columbia.”

per: <https://www.cnn.com/2016/12/21/politics/donald-trump-hillary-clinton-popular-vote-final-count/index.html>

**This time – 2020:** “President-elect Biden is likely to end up over 5 million votes ahead of Trump in the popular vote when all the counting is done. He'll get about or above 80 million votes -- by far the most of any presidential candidate in history.” per:

<https://www.cnn.com/2020/11/11/politics/joe-biden-2020-election-win/index.html>

Note: That would be about 75 Million for Trump and 80 Million for Biden, plus or minus.

**GA Senate races:** Georgia's law says the runoffs are to take place on the Tuesday of the ninth week after the election. That puts them on Jan. 5. Voters must be registered to participate by Dec. 7, per NY Times.

BAD GUY! Not only is abortion murder (NEVER justified except in self-defense, which is VERY rare for pregnancies – ectopic pregnancy is rare exception – but also, a Margaret Sanger initiative:

1. Abortion kills Black Americans at a MUCH higher rate than national average. Very prejudiced, and double bad.)

2. If woman's rights matter, where were HER rights? She was aborted—and somehow miraculously survived!

Gianna Jessen is an American anti-abortion activist. She was born during a failed saline abortion attempt. The 2011 film October Baby was loosely based on Jessen's life: <https://www.facebook.com/liveaction/videos/10153587404983728/?permPage=1>
