Afflicted by the uneliminable infirmity of the fallen human condition, plodding on unrelentingly in the pursuit of cleansing from all unrighteousness (1 Jn. 1:8), but hopefully not derelict beyond the threshold referenced in Matt. 25:26, et seq. Neighbor, on behalf of the 37 million not entirely morally bankrupt citizens of the former U.S. of A. (the final obstacle to the Committee of 300's, long sought NWO - "component of the final obstacle", "CFO", for short) who do not lack the capacity to at the very least force the Committee of 300 to reduce this country to a smoking graveyard in order to complete their demonically designed and instigated N.W.O Agenda, but obviously, not by any express designation in re whereto,

Robert J. More - Lesser Deputy Guardian of the Catholic Cause Referenced in Ad Sacerdoti Catholici and Protector of the Haven in the Heartless World - An activity conductor who remains haunted by the specter of the Schiavo atrocity (what RJM understands to constitute the "NWO's Showcase Atrocity") and all of the other atrocities which it exemplifies and epitomizes, as an able-bodied adult who had had over 37 years from the date of his 7th B-day to prepare for that atrocity, but who stood around the "deathspice" in March of 2005, looking for someone to order the charge - an order which was never issued, not conceived by a parent in whom there (was) (is) any Jewish blood - therefore, not one of the "chosen people", nor willing to leave any of the "lesser brethren" who reject the abominations of the Talmud exposed to hostility incompatible with any given individual's own personal record of activity, as no one chooses the religion of his or her parents, not willing to participate in the shedding of innocent blood, w/o just cause (nor for that matter to risk incurring culpability for any sin of any type at all) - therefore not one of the goy slavemasters, nor one of the rest of the 486 million goy slaves to be retained, but rather one of the "to be exterminateds" determined to enter into eternity endeavoring to make restitution to the innocents and posterity, and beyond these, the regenerates as well - since their souls too are considered to be of inestimable value to His Omnipotence ("there will be more joy in heaven at one sinner doing penance than 99 just men who have no need to do penance," (Matt. \_:\_), for RJM's share of the blame for the Talmudic-barbaric horror they have inherited (the regenerates admittedly being responsible for a share of the blame for the consequences of their sins of commission and omission- apportioned according to the magnitude whereof)(where would a list of the component horrors whereof even begin? - the first dozen, plus that came into RJM's mind in considering the subject are: deprivation of adequately safe water - "fluoride", air - chemtrails, Fukushima, food - GMO's, Codex Alimentarius, etc., , parents - depleted uranium, protection from criminal regulation of every aspect of existence re the global warming pretext/subterfuge, the U.S. Const.'s Art. I, Sect. 8, Cl. 5, protection of the purchasing power of the currency, the Art. I Sect 2, Cl. 3, Sect. 8 Cl. 1, & Sect. 9 Cl. 4 protection from direct un-apportioned taxes, the protections of 4th Amendment designed to keep Big Brother the Beast at arm's length, protection from orchestrated pandemics and the vaccinations produced purportedly to counter them, false flag terror acts, assassinations of

individuals who are relatives &/or whose knowledge &/or priorities have been found to be incompatible with the NWO agenda, radiation exposure as a new condition of air travel, the protections of the 5th Amendment Rights to an Independent Grand Jury and Jury Nullification Instructions, etc., etc., etc., and the protection of 2nd Amendment Right to ensure the accommodation of all legitimate reliance interests via the maintenance of commensurate strike capacity between the Country's citizens and its government, the protection of the 1st Amend Free Exercise and Prevention of Establishment of Religion Clauses and whatever protection would have been available from the lifework of any potential geniuses and/or conduits of apostolic graces, not to mention those who had they been spared the blades of Rahm Emmanuel & Barry Soetoro types of specimens, would have turned out to be at least "not entirely derelict neighbors", who have been or will be, murdered in or shortly after having departed from, the wombs of their mothers), not to mention that an estimated 600 - 1000 trillion dollars that such children ought to have inherited has been appropriated via the appropriation, counterfeiting and extortion of the Committee of 300 to the children of the slavekeeper class - since such restitution-making constitutes the burden RJM understands himself to be bound to continue to bear pursuant to the contents of Matt. 11:30, as such have been adequately and infallibly explicated via the authority instituted in Matt. 16:18). (Time and space have not permitted enumerations of the defraudments of the protection of the commerce, general health and welfare, right to have laws faithfully executed, supremacy, right to republican form of government, equal protection, war powers, takings, originization, natural born citizen, clauses nor the 9th and 10th Amendments, and other guarantees of consideration instituted into the compact between the government and its citizens which all are obliged to protect which is supposed to be providing a structure within whose requirements and restrictions all government activity is supposed to be kept conducted, herein, but FTR, the author of the email in re which this conveyance is contained remains committed to fight against the arrogations, encroachments, usurpations, and deprivations with which this Country's burden-bearers have become so painfully familiar to his dying breath. all of the detriment incurred from the ongoing systematic suppression of technological inventions and innovations which have left the Country "dependent" upon the string pullers and button pushers. CFO for short. - libera nos a malo (Matt. 6:13). living and dying by the sword will evidently be far less difficult to justify than having rendered unto Caesar what rightfully belonged to God
